907A.0018.USU

TITLE:

METHOD AND DEVICE FOR FRAME SYNC DETECTION USING

CHANNEL COMBINING AND CORRELATION

Mail Stop Amendment Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313

## RESPONSE TO OFFICE ACTION

Sir:

This paper is herewith filed in response to the Examiner's Office Action mailed on 10 August 2005 for the above-captioned U.S. Patent Application. As such, a petition for an extension of time is due and an extension of time fee of \$ 450 is believed to be due, as this response is herewith filed within one month of the expiration of the shortened statutory period. However, should the undersigned attorney be mistaken, please consider this a petition for any extension of time that may be required to maintain the pendency of this Patent Application, and charge deposit account no.: 50-1924 for any required fee deficiency. Additionally, there is a net gain of four claims for which a fee of \$ 200 is believed due. The total fees believed due for filing this response is thus \$ 650.

The amendment to the specification begins on page 2.

The amendment to the claims begins on page 3.

There is no amendment to the drawings.

The remarks begin on page 9.

Please amend the application as shown below.
